LAND COVER MAP OF IOWA
1999

Legend
- Urban/roads
- Grassland
- Forest
- Row crop
- Barren
- Water

This inventory of Iowa's land cover was derived from satellite scenes obtained by the Landsat Thematic Mapper™, primarily during 1992. Row crops cover 60% of the state, grasslands 30%, forests 7%, urban areas 1%, water 1%, and barren areas less than 1%.
